With a professor as hot as this, what student in their right mind would ever skip her special SEXtra-curricular classes?

Shino might be a science teacher, but her specialty really lies in teaching her students about their sexual chemistry! Whether it's guiding two virgins through their first time, or teaching a tough guy what it really means to make love, this sultry Professor has all the gentle advice and sexual skill to make a man out of anyone.

But even though her sex ed is second to none, Shino has needs, too. She aches to find that special someone who can help her achieve the fulfillment that she teaches to others. How many lustful encounters will she have before she finds someone who can please both her body and her heart?
